Proposed Creative Europe project – to which project are you looking for partners?

Sector or field	<i>Performing Arts, Visual Arts, Music, Literature, Community Art, Live Art,</i>
Description or summary of the proposed project	<p>Aim of the project is to organise festivals or other kind of events of One-to-One art: One in Finland, one in Sweden and one in a country we are looking a partner for. We can also organise programs of one-to-one art in the contexts of other festivals or cultural events. So a partner we are looking for doesn't necessarily need to organise a specific One-to-One festival as long as you are interested in finding interesting ways of organising One-to-One art. Preferably all three partners in the project will find a bit different contexts for this. One-to-One art can be taken to social- and healthcare, cityspace or other contexts.</p> <p>With One-to-One art we mean works of art that are done to an audience of one person at a time. Works can be performances, but also more like workshops. They can be theatre, dance, performances, music, circus, visual arts, literature...</p> <p>Central aim of the project is to curate artprograms together & offer artists possibilities to take their works to all three countries.</p>

	In the proposed project we aim to organise an international symposium for artist practising One-to-One art. We also aim to disseminate ideas & practises via podcast, book or other forums.
